

Dr. Peter Polack of Medical Practice Trends Podcast 24: Scanning Paper Records into Your EMR

Dr. Peter Polack has a new 8 minute podcast on “**Scanning Paper Records Into Your EMR System: Setting Up An Action Plan**” with yours truly. We discuss some tips and best practices including:

- The importance of ‘storyboarding’ your strategy for paper chart conversion
- How to decide if you need more employees for your conversion process
- Scanning vs. indexing
- When to know if you need to outsource the scanning process
- How much of the old paper record do you need to convert?
